FRONT-END DEVELOPER

I'm a junior web developer looking to start my career, I recently completed a training program with OpenClassrooms, where I learned the fundamentals of web development (HTML, CSS, JavaScript), API creation, data management, website optimization and React.

With a vocational baccalaureate in Graphic Production, I'm also proficient in Photoshop, Illustrator, and InDesign. Curious, motivated, and looking for an initial experience, I'm ready to learn and fully commit to a team.

SKILLS

Front-End : *HTML, CSS, JavaScript, React.js, Sass, Vite, Responsive Design, Wordpress*

Back-End : *Node.js, MongoDB, Express*

Tools : *Visual Studio Code, Postman, GitHub*
